To Whom It May Concern,

SUBJECT: MR. J. DAVID MULLANEY

Mr. David Mullaney has requested that I write a letter of support for his application for the job titled: Coordinator (Library Technology Services) –University Libraries. I have had the pleasure of knowing David for approximately six years. During this time, I have always found David to be a hard working individual of outstanding character. He is the type of individual I think would serve the University Community very well. Based on my personal interaction with David during the past six years, I believe he will fit very well into the academic setting. He cares about quality work, and about the people he serves. His interpersonal skills would be an asset to CSU. Please give David full consideration in your search for a new technology coordinator.

Sincerely

Thomas Siller
Associate Professor –Civil Engineering
Associate Dean for Academic Affairs -
Engineering
Colorado State University
